Dear Sir/Madam:

We would like to invite your company to participate in the **34th PHILIPPINE CHEMISTRY CONGRESS**, to be held on **28-30 May 2019** at the **Waterfront Convention Center**, in **Cebu City**. The conference theme "CHEM-Bisyon 2019: Kimiko Para sa Sariling Bayan," will highlight chemistry opportunities and job creation initiatives in education, government, and the business sector.

The first day of the Conference will focus on the new "Balik-Scientist Law," with a plenary lecture in the morning, and a whole afternoon technical session by ex-OFW chemists now connected with various Philippine institutions. The second day plenary lectures of "Pinay Surface Chemists of Distinction" will feature the global impact initiatives of Prof. M. Cynthia Goh, and three young Filipina rising stars in the US and Canada, specializing in the field of surface chemistry. On the third day, a special forum on "Kimiko Para sa Sariling Bayan" will tackle availability of local jobs for chemists in the Philippines by invited representatives from DFA, DOLE, DOST, Academe, Industry

The conference hopes to link-up international with local chemists through world-class technical sessions on SENSORS, POLYMER Chemistry, NANO-MATERIALS, NAT PROD Chemistry, ENVIRONMENTAL Chemistry, COMPUTATIONAL Biophysics, MEDICINAL Chemistry, Synthetic ORGANIC Chemistry, CHEM ED, and CRYSTALLOGRAPHY. Special sessions for technopreneurs and the business sector will feature contributed papers from CEBU Food Industry, Security, ISO/GLP matters, and Chemistry Industry.

With an expected attendance of 2000 participants coming from government agencies, academic institutions, industry partners, and international organizations, this event will be the best exposure your company will ever get in the chemistry community for 2019. The Terms of Reference for available sponsorship packages are attached. For more information, visit our website <http://www.kkp.org.ph/34pcc> or email us kkp.execom@gmail.com and 34thPCC.waysandmeans@gmail.com

Thank you very much again for your continued support to the chemistry community, and we hope to see you in Cebu come 28-30 May 2019!

Sincerely Yours;
